

# 1301 Tactical

MSRP \$1059.00

*Optima-Bore® HP geometry was conceived to offer the best ballistic performance available. The shot pattern remains perfectly uniform whatever the shell size or load. Optima-Bore HP choke tubes further enhance the effect.*

*Beretta makes the best barrels in the world. Starting with proprietary tri-alloy steel (Ni/Cr/Mo), the metal goes through a unique manufacturing process. Deep hole drilling, cold-hammer forging, and vacuum distension create the very best ballistic performance available.*

Oversized bolt release lever and textured bolt handle designed for speed and efficiency.

**BLINK**

Blink is the "engine" of the 1301 Comp, and it is 36% faster than any other shotgun. Within the gas system, an innovative piston with an elastic scraper functions as a gasket, keeping the gun cleaner and making this the most reliable competition shotgun available.

The 1301 Tactical is Beretta's new gas operated semi-automatic shotgun designed for law enforcement and home defense. Right out of the box, the 1301 Tactical features an oversized charging handle, large textured bolt release, and an oversized reversible safety button. The integrated BLINK gas operating system, featuring a cross tube gas piston, allows the 1301 tactical to cycle 36% faster than any other shotgun on the market. Available in an 18.5" barrel configuration, the 1301 Tactical features a robust, protected sighting system that uses a ghost ring for the rear sight and an interchangeable front blade sight. The receiver offers a MIL-STD 1913 picatinny rail. The Stock features an aggressive checkering pattern and length of pull is adjustable with the provided spacers. Drop and Cast can be adjusted as well.

| CAT CODE | UPC CODE | MODEL    | GAUGE    | BARREL | RECEIVER | CAPACITY |
|----------|----------|----------|----------|--------|----------|----------|
| J131T18  | 70316-9  | 1301 Tac | 12 Gauge | 18.5"  | 3"       | 5+1      |
