OPTIC READY

1791 GUNLEATHER

On December 15, 1791, the new United States of America ratified the Bill of Rights, the first ten amendments to the U.S. Constitution. This included the Second Amendment, promising individuals the right to bear arms. We chose to include the year 1791 in our name to signify our deep respect for those rights.

To us, the right to keep and bear arms is a patriotic responsibility to ensure that our country, our cherished freedoms, and our families are protected. Given this awesome responsibility, we take pride in supplying our fellow citizens with superior, handcrafted holsters and belts that protect their firearms until the moment they are needed.

Four generations of professional leather artisans use only premium, 100% American Certified, Heavy Native Steerhide to handcraft our timeless, versatile, high-quality products.

ULTRA CUSTOM

OWB Light Bearing Holster

The OWB Ultra Custom Light Bearing Holster breaks all the rules! Our patented Memory-Lok® technology allows you to mold and re-mold your holster for ultimate customization. Made with ultra-soft cowhide on the front and durable steer hide on the backside, the Ultra Custom Belt Holster is built tough to last. Also includes a high sweat guard for ultimate comfort. Benefits include an optic-cut that accommodates most pistol optics, as well as room in the holster to fit most rail and trigger-guard mounted accessories.

*Sizes listed also include similar frames.

FAIR CHASE

Handcrafted From American Whitetail Deer

1791 Fair Chase holsters are made using wild and ethically hunted fair chase Whitetail deer hide. Together with our meticulous handcrafting and superior design, the Fair Chase holster delivers our most comfortable and concealable holster ever.

Deer hide's combination of resistance and flexibility is unmatched by any other type of leather, making it the finest of all wild animal leather.

Designed to accommodate a wide range of firearms* from revolvers to full frame firearms.

*Sizes listed also include similar frames.

SNAGMAG™

Concealed Magazine Holster

There's no such thing as Extra Ammo™

As firearms get smaller and smaller to increase concealability, the first thing they sacrifice is capacity.

SNAGMAG™ addresses this issue by creating an easy way to carry additional ammunition right in your pocket. The most obvious tactical advantage of the SNAGMAG™ is to double the ammunition that you're carrying with a small footprint and without loading more gear onto your belt. It incorporates a pocket clip to keep it out of sight and easily accessible.

Regardless of how you choose to carry your firearm, the need for more ammunition doesn't change. The SNAGMAG™ is always there in your pocket for a quick and easy reload.

Made in USA

IWB Kydex Holsters

1791 Tactical IWB Kydex holsters represent a comfortable and dependable solution for everyday concealed carry.

The lightweight, slim design combines multiple features not found in most holsters for a customized, multi-position fit.

2WH

Slim, low-profile holster fits firearms with and without small lights and lasers

The 2-Way Holster* provides one special feature not found in your everyday leather holster offerings; it's adjustable to accommodate small lights and lasers that attach to the front of the trigger guard. The 2-Way Holster is made with certified, American Heavy Native Steerhide using a slim, low-profile holster design that reduces printing and is excellent for concealment.

3WH

Ambidextrous Multi-Fit Holster Built for Comfort

When multiple holsters aren't an option the 1791 Gunleather 3-Way OWB* Concealment Holster answers the call with three carry options for both right and left-handed people totaling 8 versatile positions. The carry positions are vertical strong side, horizontal small-of-back, cavalry carry or weak side cross-draw.

The design on this holster is low-profile for easy concealment and it can be easily modified to accommodate certain small lights and lasers.

Ideal Balance of Protection and Comfort Delivers Four Distinct IWB/OWB Carry Positions

The best-selling 4-Way Concealment & Belt Leather Holster features multi-fit engineering that allows for a wide variety of firearms in ONE holster.*

With this multi-position holster, simple adjustments allow for your particular carry needs throughout the day. This is a low-profile holster, which allows you to conceal with convenience in vertical, horizontal, cross-draw, or IWB carry. In addition, this holster is designed to allow the user to modify it to fit certain small lights and laser attachments.

*Sizes listed also include similar frames.

BH

Open Top Leather Belt Holster

The 1791 Gunleather assortment of **Open Top Belt Holsters** caters to a variety of popular and classic sidearms.

From full-sized 1911's with or without rails, to modern, compact semi-auto's, these holsters are built to mold perfectly to your handgun* while standing up to the rigors of everyday wear.

Available in assorted colors, choose the Open Top Belt Holster that best matches your gun and attire.

Project Stealth OWB holsters combine sophisticated, patented, flexible, woven carbon fiber and premium American Heavy Native Steerhide for a contemporary, stylish holster that's both durable and flexible.

RCH

Rigid Concealment Holster

The 1791 Gunleather Rigid Concealment Holster (RCH) provides a sturdy IWB option that allows for one-handed reholstering. Three simple sizes fit a large range of compact to full-sized handguns*. Handcrafted with a finished leather interior that provides snug retention.

The exterior is formed of both a finished leather top to prevent chafing and a soft belly leather bottom to provide comfort and breathability.

*Sizes listed also include similar frames.

BHX

Reinforced Thumb Break Offers More Security

While our open top leather holsters offer excellent retention that can withstand the most rigorous of activities, there will always be those who want more. To satisfy them, 1791 Gunleather offers a **Thumb Break Holster (BHX)** with two distinct cant positions.

The FBI-cant allows for a fast and smooth draw of your firearm, and the back-cant position is intended for faster handgun acquisition, which is especially useful when sitting, driving cars and ATVs, or horseback riding.

Contoured to fit multiple firearm configurations*, the Thumb Break Holster features added barrel room for higher front sights. This model is also available in a variety of colors.

*Sizes listed also include similar frames.

Thumb Break OWB/IWB Belt Holsters Delivers Enhanced Retention and Security

The BHT3 delivers all three OWB positions including vertical draw, horizontal small-of-back and cross-draw. The BHT4 allows for four dynamic carry options including IWB using a metal clip and OWB vertical draw, horizontal small-of-back, and cross-draw.

RVH

Revolver Belt Holsters

The 1791 Gunleather **J-Frame, K-Frame, & Z-Frame Revolver Belt Holsters** deliver a comfortable design that securely supports a wide selection of revolvers.

While these holsters are designed to fit a specific frame size, they still provide the multi-fit* capability for which 1791 Gunleather holsters are known. For example, the J-Frame can also fit the Ruger LCR, the K-Frame revolvers can fit some L- and N-Frames, and the Z-Frame is not only capable of fitting S&W's Governor, but also Taurus' Polymer Public Defender.

The holsters are designed to provide excellent retention, with the leather molding tightly around the cylinder.

Thumbbreak Revolver Belt Holsters

The all new **RVHX line** provides level 2 retention to our revolver line up. Accommodating small to large frame revolvers of multiple barrel lengths, the RVHX line combines all of the features you expect with a higher level of retention. Handcrafted with certified steerhide, the RVHX is designed for all situations and built to last.

SA

Single Action Revolver Holsters

Our **Single Action Holster** combines old world leather craftsmanship with the highest quality leather and modern production techniques to provide a fully featured SA holster. Designed to be fully ambidextrous, the SA holster works great in both cross draw and strong side carry.

The holster is crafted from our 100% American certified Steer-Hide leather, which gives it a timeless look and the construction to back it up. It is also equipped with an ambidextrous safety strap that works to keep your firearm firmly in place. Available in both 5.5" and 6.5" variations.

Combo, Open Top Multi-Fit Belt Holster and Built-In Mag Pouch

The 1791 Gunleather **Combo, Open Top Multi-Fit Belt Holster and Built-In Mag Pouch** is perfect for use on duty, on the range, or in the field. The extra carrying capacity and comfortable leather deliver peace of mind and all-day comfort.

This pancake-style holster holds your gun and ammo firmly, using natural pressure between double-stitched steerhide. The open top design and curved, wide-spaced belt loops are optimized for a 1.5" belt to allow a closer ride and more comfortable carry.

The Combo Holster* is available in two sizes, one fits 1911s, and the other mid-size, double stack firearms.

MAG

Single and Dual Magazine Carriers for Single and Double Stack Magazines

1791 Gunleather knows the importance of spare magazines, and our Magazine Carriers are designed to cover a variety of carry preferences.

There is a choice of single or dual carriers, which fit single or double stack magazines. Our carriers require no additional retention devices, and the open top design allows quick access to your spare magazines.

The natural friction between two pieces of finely stitched leather, along with the custom wet molding process, ensures secure retention.

SLG

Heavy Duty Universal Leather Rifle Slings Easy Change Between Rifles

1791 Gunleather **Heavy Duty Universal Rifle Slings** add comfort and ease of use in the field with your long gun. We purposefully designed our sling with a wider width at the shoulder area for better distribution of weight making it extra comfortable to carry.

1791 Gunleather uses only 100% Certified American Heavy Native Steerhide in sling construction. The leather is comfortable, it conforms perfectly to your body, and is a strong natural material that won't degrade over time.

Fits most semi-automatic, single shot, pump action, bolt action, and lever action rifles equipped with standard 1" swivels.

For added luxury and slip-resistant functionality, choose the SLG-1P "Premium" version.

SLG-1P

Width: 2.5" max at widest to 1" min at narrowest

HOW TO DETERMINE THE CORRECT 1791 GUNLEATHER BELT SIZE

1. If you know your waist size, simply add 4 inches to determine your 1791 Gunleather Gun Belt size.
2. For example, if your waist is 36 inches, add 4 inches for a total 40 inches to equal your 1791 Gunleather Gun Belt size. This allows you to carry up to 2 accessories on your 1791 Gunleather Gun Belt, i.e. a holster and a mag carrier.
3. The following diagram shows how 1791 Gunleather Gun Belts are measured from the start of the leather/buckle to the middle hole tip.

ALL 1791 GUNLEATHER HOLSTERS FIT 1.5" BELTS

BLT-01

Heavy Duty Premium Steerhide Gun Belts Designed for Everyday Carry

1791 Gunleather Gun Belts 01 are constructed with full-grain, 14-oz. leather found only on the top and most durable layer of heavy native steerhide. Our premium American heavy native steerhide is not sanded beyond tanning or dyeing, and the detailed process delivers a superior leather that's perfect for rugged working belts.

Designed to meet the highest expectations at an affordable price point, these belts are designed specifically for everyday carry.

Heavy-duty 1791 Gunleather Gun Belts 01 are made to hold all your gear.

Anything you want to carry on your waist from IWB holsters, OWB holsters, flashlights, mag pouches, knives, hammers, tape measures, and multi-tools are options. These belts are discreet and comfortable for concealed carry, and they're built to last.
