*If you're gonna make pocket knives you gotta
have a real bad case of the "want-to's"...*

COPPERHEAD

Always sharp but never bites! Introduced prior to World War I, the Case Copperhead boasts an oversized "snake head" pocket end bolster that covers the blade tangs so they won't snag your pocket. Bag your own Case Copperhead before it winds back to the Vault in 2022!

BLACK SYCAMORE WOOD

Sycamore wood's utilitarian quality made it a popular choice for makers of 19th century furniture, specialty products like trunks and cutting boards, and even Pullman rail cars. Today this beautiful species carries its reputation for performance forward in this new knife series.

- 25570 TRAPPER**
7254 SS • Clip and Spey Blades

KYLE LAMB HUNTER 80CRV2
9 ½ in (24.1 cm) Overall Length, 7.5 oz (213.0 g)

CASE® x WINKLER KYLE LAMB HUNTER

Our latest addition to the American Heroes Series! Kyle Lamb's unique combination of experiences and skills - from combat marksmanship and tactical training to hand forging knives and tomahawks - make him highly qualified to design a knife like this. This hunter is loaded with robust features like a thick, saber taper ground Spear point blade made from tough 80CrV2 steel, a tough canvas laminate grip, deep gimping, and a durable Kydex sheath. The Kyle Lamb Hunter is the utilitarian tool for your next hunting season or outdoor adventure. Learn more about this and the entire collection of American Heroes Series collaborations at caseknives.com/american-heroes.

THE CASE® x WINKLER PACK AXE

W.R. Case and Sons Cutlery Company and Daniel Winkler of Winkler Knives® have both served America's top tier military units to help bring about historic U.S. military achievements. So together they created the American Heroes line of tactical knives and tools, inviting real American Heroes to help forge each new product's introduction. The Case® Winkler Pack Axe is no exception, having been co-designed by Kevin Holland, a survival expert with more than 2,000 combat missions across the globe as a U.S. Navy Seal and an elite member of U.S. Army Special Operations.

Our newest collaboration is the Pack Axe—built for tough work and survival, with an exceptional design that begins and ends with a single 3/8-inch thick piece of 80CrV2 steel to resist the cracks and splinters you get with traditional wooden-handled axes. The Pack Axe features a hefty head with an edge that's sharp out of the box. The blunt end can be used as a mallet for pounding stakes or nails, tapping rocky terrain and taking on small scale demolition. Durable canvas laminate grips and a tapered, skeletonized handle promote better balance for more accurate in-hand strikes that can cut deep. A paracord wrap offers extra utility whenever you need it. Reinforced ballistic nylon straps attach to the custom head guard for belt carrying. You can even hang the axe around the campsite by using the hexagon-shaped hole at the knob whenever you're on break. The Case® Winkler Pack Axe cuts through the challenges of outdoor survival!

THE CASE® x WINKLER RECURVE UTILITY NO. 6

A Collaboration between W.R. Case & Sons Cutlery Company, Winkler Knives, and U.S. Navy SEAL veteran Harry Bologna, the Case® Winkler Recurve Utility No. 6 is built for performance. This knife is primed for any encounter with its skeletonized, full tang blade composed of heavy gauge 80CrV2 carbon steel, a flat ground Recurve blade shape with a 4 ¾-inch cutting edge, aggressive spine gimping, and an ergonomically engineered canvas laminate handle. For those who seek a tough, durable and versatile knife that reflects the commitment and perseverance of an American Hero, look no further than the Case® Winkler Recurve No. 6., always ready for tough work.

THE CASE® x WINKLER HAMBONE

The Case® Winkler Hambone is a collaboration between W. R. Case & Sons Cutlery Company, Winkler Knives, and U.S Army veteran and Medal of Honor recipient Clint Romesha. Features like a more exaggerated blade curve, precise edge geometry, a tough handle and a balanced, comfortable grip combine with a beautiful design flow that one can only appreciate once they put it to use. The tough 80CrV2 blade steel provides extra strength while the additional emergency glass breaking extension makes Hambone an ultra-versatile tool. Everything from carving sticks for campfire treats to skinning game to more extreme survivalist tasks are made for a knife like Hambone. The sheath and the knife are paired up with a strong, lightweight clip adorned with the green and black star, the epitome of military service.

THE CASE® x WINKLER SKINNER

The Case Winkler Skinner is a fixed blade knife crafted collectively by W.R. Case & Sons Cutlery Company, Winkler Knives, and the extensive experiences of retired U.S. Army Special Operator and Navy SEAL Kevin Holland. This high-performance field knife is lightweight, well balanced and built for dependability. The flat ground, distal tapered Trailing Point blade is made from tough 80CrV2 carbon steel. The knife is accompanied by a molded black leather sheath that's specially reinforced to help keep its shape, ensuring a continually snug fit when not in use. A reversible belt attachment accommodates carrying the knife on either side of the body. All of these premium features make the Case® Winkler Skinner the perfect ally to take on hiking, camping and hunting adventures, and a welcome addition to any military operator's kit.

CASE® V-42

Born of wartime necessity and proven on the battlefields of World War II, the Case V-42 is the stuff of legend. First conceived in 1942, the knife's design is attributed to then Lieutenant Colonel Robert T. Frederick. In honor of the legacy of the First Special Service Force, Case is proud of the 'faithfully true' reproduction of the classic original, patterned after the company's own museum piece. The tang stamp on the re-created Case V-42 reads CASE on one side, V-42 USA on the other. Even the accompanying leather sheath is completed according to the original World War II-era requirements.

CASE® BESH WEDGE

The Case® BESH Wedge was designed by Brent Beshara, and inspired by Case's V-42 of World War II fame. This revolutionary knife blends modern technology with optimal performance and utility. It offers a unique blade design, composed of two diagonally opposed bevels that converge to form a third cutting edge. The blade geometry provides a stronger point profile that overcomes the tip weakness found in more conventional blades. Well balanced for a comfortable, responsive feel – The Case® BESH Wedge is ready to serve.

21945 CASE® BESH WEDGE

CASE® ASTRONAUT KNIFE M-1

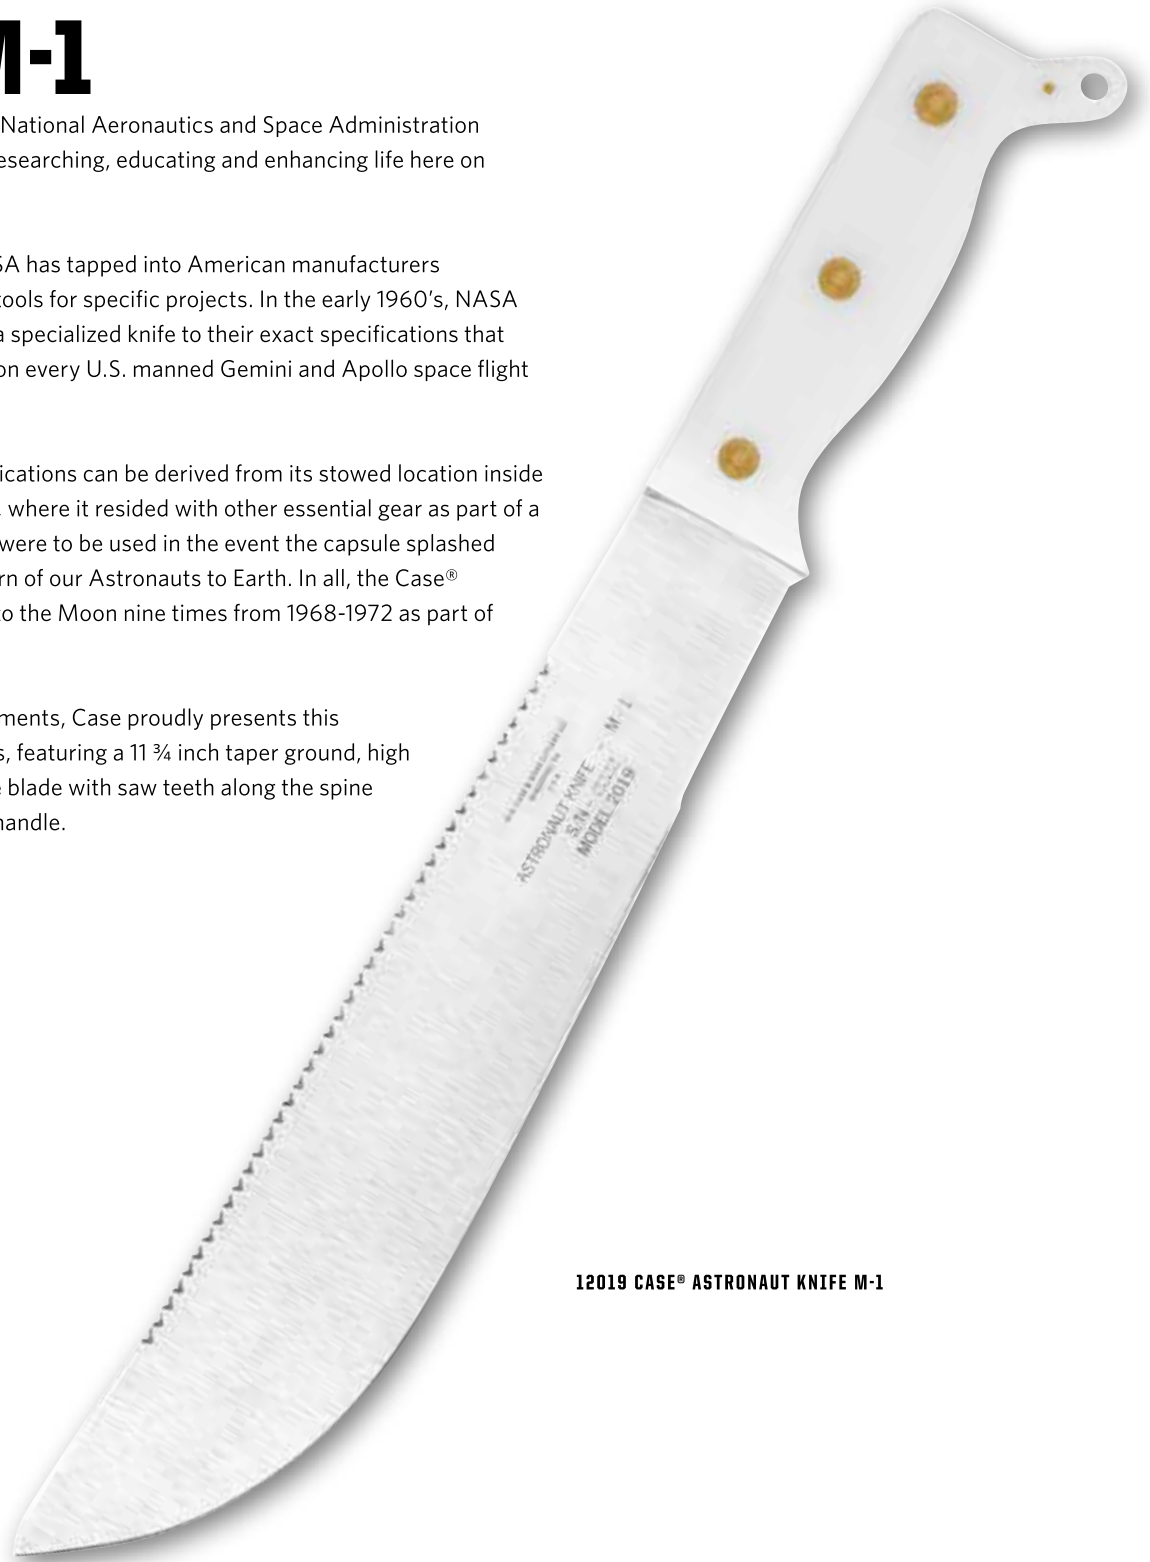

From its inception in 1958, the National Aeronautics and Space Administration (NASA) has been devoted to researching, educating and enhancing life here on earth.

In support of those ideals, NASA has tapped into American manufacturers to help pioneer custom-made tools for specific projects. In the early 1960's, NASA commissioned Case to create a specialized knife to their exact specifications that would ultimately be equipped on every U.S. manned Gemini and Apollo space flight missions.

The knife's most practical applications can be derived from its stowed location inside each ship's Command Module, where it resided with other essential gear as part of a survival pack. The tools inside were to be used in the event the capsule splashed down off-course upon the return of our Astronauts to Earth. In all, the Case® Astronaut Knife M-1 travelled to the Moon nine times from 1968-1972 as part of NASA's Apollo program.

To celebrate these accomplishments, Case proudly presents this reproduction of those Originals, featuring a 11 ¾ inch taper ground, high carbon stainless steel machete blade with saw teeth along the spine and a smooth white synthetic handle.

BLUE BONE

There's a reason we call some friends "true blue". That is because we know we can always count on them, no matter what. The same can be said about our Blue Bone knives. Time and again, their Tru-Sharp™ surgical steel blades get the job done and their classic blue handles look even better the longer you carry them.

RIDGEBACK® HUNTER

Whether you're an avid outdoorsman or a weekend warrior, you'll appreciate the rugged durability of a Case® Ridgeback Hunter. This knife is made for hard work and hard play, with a stainless steel Swept Skinner blade that's sabre/concave ground and your choice of three very different handle options. Each one is as comfortable to hold as the next, and comes with a leather or ballistic nylon sheath for worry-free belt carrying.

HOW TO IDENTIFY A CASE® KNIFE

The number stamped on the tang of one blade of every Case knife identifies the pattern. The first number is the handle material, the second number is the number of blades, and the rest is the factory pattern number. In the example below, 6318 is a #18 factory pattern knife with a jigged bone handle and three blades.

HANDLE MATERIAL KEY

- 1 Solid Hardwoods
- 2 Smooth Black Synthetic or Thermoplastic Rubber
- 3 Smooth Yellow Synthetic
- 4 Smooth Synthetic (Various Colors)
- 5 Genuine Stag
- 6 Smooth/Jigged Bone (Various Colors), Jigged Synthetic (Various Colors) or Jigged Laminated Hardwood
- 6.5 . . . 6.5 BoneStag
- 7 or P . . Wood or Laminated Hardwood
- 8 Genuine Mother-of-Pearl, Abalone or Paua
- 9 Imitation Mother-of-Pearl or Corelon
- 10 Micarta, G-10 or Kirinite®
- 1 Ivory, Imitation Ivory or Mammoth Ivory
- EX Exotic Materials
- M Stainless Steel or Aluminum
- BH Buffalo Horn

AUTHENTIC CASE COLLECTIBLES

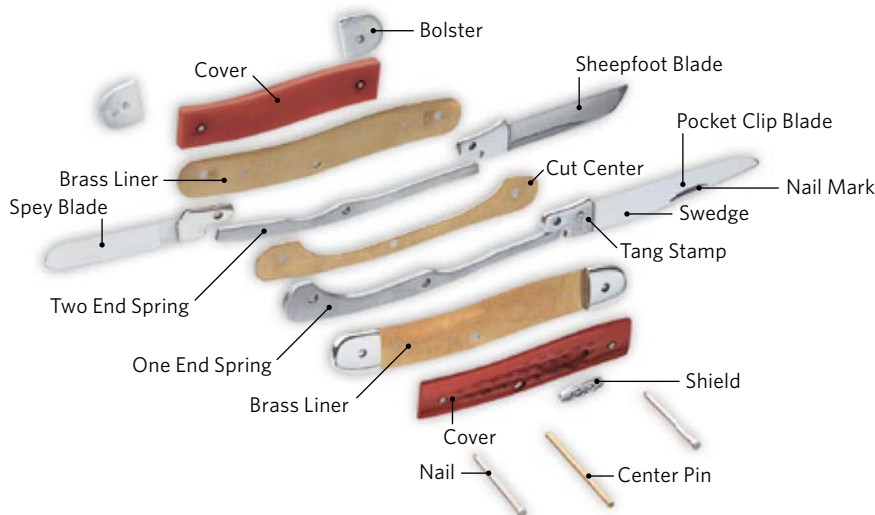

We put the *Long Tail C* serialization exclusively on collectable products manufactured and sold by Case.

This logo assures you the collectable item is authorized by Case.

ANATOMY OF A CASE® KNIFE

Hand-crafting a Case knife is an exercise in skill, focus, and, most importantly, patience. Roughly 160 steps go into the creation of each knife, from the handle to the blade to everything in between. To us, the process is just as important as using the finest components in the world, like rich, natural handle materials, premium-quality steel, select brass and superior nickel silver.

FINISHED CASE KNIFE
Medium Stockman ('18) Pattern

DETERMINE THE YEAR OF A CASE® KNIFE

In 1970, Case added ten dots beneath the U.S.A. on all knife tangs. Each year a dot was removed.

The same dating system was used during the 1980s. The differences are the "lightning" form of the letter S in Case and USA and the fact that the dots were put above the USA.

From 1990 to mid-1993, the actual date was stamped on the tang.

The dot system was used again from mid-1993 through 1999.

In 2000, Case introduced a new tang date stamp: five Xs and five dots. From 2000 through 2005, one dot was removed each year. From 2006 through 2009, an X was removed each year.

The 2010 Tang Stamp design again features five Xs and five dots. From 2010 through 2015, one dot was removed for each year. From 2016 through 2019, an X is removed each year.

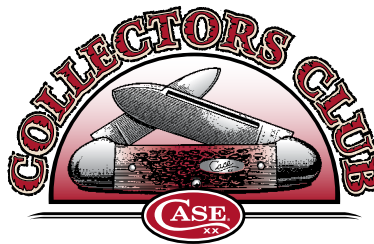

THE CASE TANG STAMP

It's been said that every Case knife tells a story. That story begins with the unique blade marking, or *tang stamp* applied to every Case knife, indicating its date of production. Case has used various tang stamps throughout its history, making it one of the world's most collected knife brands over time. We think you'll agree that now is the perfect time to add a new Case knife to your personal history.

CUSTOM IMPRINTING

A person is known by the company he keeps. Case® pocketknives are some of the most collected in the world. Placing your name or company logo on a Case knife will transform a special gift into a cherished keepsake.

Case Knives are perfect for: Employee Appreciation • Retirement Gifts • Holidays • Safety Awards • Company Promotions • Special Dates & Occasions • Customer Appreciation

FACTORY IMPRINTING TECHNIQUES

Set-up charges may apply.

ELECTRO-ETCH

Item #00297
Electronic transfer onto a metal surface. This is a surface imprint on blades or metal handles. The Electro-Etch is semi-permanent.

COLOR FILL

Item #00289
One color added to laser engraving. This process is only available on smooth bone, smooth synthetic and wood handles. Color fill options include: gold, white, silver, black, red, yellow, blue and green (may vary by handle type).

LASER ENGRAVING

Item #00294
Imprint available on leather sheaths and wood boxes.

PERSONALIZATION & SERIALIZATION

Item #00288 (Bolster)
Item# 00288BL (Blade)
This is an engraving of letters and/or numbers onto the bolster or main blade. Engraving is permanent.

TECH PRINT

Item #00267 - One Color
Item #00268 - Two Colors
Item #02479 - Three Colors
Item # 02480 - Four Colors
Photo emulsion of paint onto blades, metal handles and tin lids. Up to four (4) colors per surface. Tech Print is semi-permanent.

SCROLLING

Item #00298S
Design engraved on 1 - 4 bolsters. Scrolling is permanent.

TECH PRINT & ELECTRO-ETCH FONTS

Times - Times
Helv - Helvetica
LG - Lubalin Graphic

ENGRAVING

Item #00298
Can engrave on blades, bolster or metal handles. Engraving is permanent.

TECH PRINT COLOR CHOICES

Minimum order requirement is 25 pieces. For more information about custom imprinting, including artwork guidelines, production policies, cost estimates and more, contact the Case Sales Office at (800) 821-1924 or email specialmarkets@jessupsales.com

THE CASE LIMITED LIFETIME WARRANTY

We warrant each and every Case® knife to be free of defects in material and workmanship for the life of the owner, and we will repair or replace with a new Case knife, at our option, any Case knife that is defective. That's how strongly we feel about the quality of our cutlery. If you believe your Case knife has a manufacturing defect, please complete our online form at caseknives.com/repairform to obtain return authorization. Then follow the simple steps provided to send us your knife for service - or contact Case Consumer Relations at +1 (888) 442-1932 for specific instructions.

CONSUMER AWARENESS STATEMENT

The blades that go into every Case knife are honed to an extremely sharp edge. We ask that you be very cautious when opening, using or sharpening our products. You expect Case to deliver high-quality, razor sharp knives, and in turn each Case blade is honed to an extremely sharp edge. We ask that you be very cautious when opening, closing, using, handling or sharpening our products in any way. Case® knives are tools used exclusively for cutting applications. They are not designed to be, nor should they EVER be used as an awl, chisel, pry-bar, punch, screwdriver or weapon. Use for any purpose other than cutting applications in a safe unharmed manner shall be deemed misuse. If an injury occurs during use (or misuse) of a Case knife, this is a risk that our customers assume, and Case cannot, in any way, be held accountable.

Due to the inherent properties of the materials we use and the manufacturing and coloring techniques that go into our knives, some items may not look exactly as depicted.
