Options for Obtaining a Permit to Purchase/Transfer

Option 1

- Fill out a Minnesota Uniform Firearm Application/Receipt Permit to Purchase/Transfer. Submit the application to your local police chief, or if your municipality does not have a police department, to your county's sheriff. The law enforcement agency will conduct a series of background-related checks to assure you meet eligibility requirements established in state law.
- Once those checks are complete, a one-year permit to purchase a handgun in Minnesota will be issued. If you are applying for a permit to transfer the law enforcement agency must notify you of its status within seven days of receipt.

Option 2

- If you want to make a one-time purchase of a handgun from a dealer and you do not have a permit to purchase, you may apply directly at the gun shop where you will purchase the handgun. The gun shop will require you to complete a consent form that allows them to conduct a name and date-of-birth background check to determine your eligibility to purchase a gun. However, some businesses may choose to follow other business practices. The gun shops are entitled to charge a fee for this service.

Option 3

- Possession of a valid, Minnesota Permit to Carry constitutes a permit to purchase. You do not need a separate permit to purchase.

Active LE Officers are exempt.
