# DIAGRAM

1. Picatinny rail
2. Keymod slots
3. Barrel nut
4. Rail retention ring
5. Rail set screw
6. Keymod rail section
7. Keymod screw and nuts

# MOUNTING

**Tools Required: AR-15 armorer wrench, torque wrench, hex keys**

**Warning: If these tools are not available it is best to have the rail installed by a gunsmith in order to not risk damaging the firearm.**

Prior to mounting the current handguard needs to be removed along with the barrel nut, gas block, and gas tube, and muzzle device.

To mount:

1. Tighten down supplied barrel nut with retention ring on it to 30 ft/lbs.

2. Check if gas tube is aligned. If not aligned, set torque wrench to 50 ft/lbs and tighten only until gas tube hole aligns, do not tighten excessively

3. Assemble gas tube, gas block, and muzzle device.

4. Screw on rail retention ring all the way on to barrel nut, do not tighten it against upper receiver.

5. Thread on keymod rail on to barrel nut until aligned with rail on upper receiver.

6. Tighten rail retention ring **against rail.**

7. Install rail set screw

# INSTALLING KEYMOD RAIL SECTIONS

To install Keymod rail sections:

1. Loosely assemble keymod rail section with keymod nuts and bolts

2. Line up keymod nuts with the large part of the keymod holes on the rail. (make sure the rails are aligned with the raised sections on the underside to the rear)

3. Insert the keymod nuts in to rail and slide section forward.

4. Tighten bolts on keymod rail

## **WARNING**

Unload Firearm before installing the rail. Before handling the Edge Keymod Rail read and understand the contents of your firearm's manual, and the Firefield manual. Follow all standard safety precautions and procedures during firearm operation.

- ALWAYS check that the chamber of your weapon is clear before mounting the Edge Keymod Rail.
- Failure to follow standard firearm safety precautions and procedures is dangerous and may result in serious injury, damage to property, or death

## **FIREFIELD WARRANTY**

Please visit [www.Firefield.com](http://www.Firefield.com) for warranty details and information.

Manufactured by Sellmark:  
2201 Heritage Parkway, Mansfield, TX 76063

A high-contrast, black and white image capturing a dramatic fire scene. The upper portion is dominated by a thick, billowing plume of white smoke or steam, which is heavily laden with dark, falling particles, likely ash or embers. The background is a stark, bright white, creating a high-contrast effect with the dark smoke and falling particles. The lower portion of the image is dark and shadowed, suggesting the presence of a fire source or a structure being consumed. The overall composition is dynamic and emphasizes the intensity and scale of the event.
