“Since 1989, our goal at Lucas Oil has been to produce the highest performing lubricants and problem solving additives in the world. I am proud to now introduce you to the Lucas Oil Outdoor Line which continues our history of creating innovative and problem solving products. Formulated and manufactured in America by Lucas Oil, the Outdoor Line provides you with the absolute best quality firearms care available.”

– Forrest Lucas,
President and CEO of
Lucas Oil Products

Lucas Oil, the #1 manufacturer of problem solving additives and fuel treatments in the world, has developed several lines of exotic products including racing, marine and motorcycle oils as well as a complete line of automotive and trucking products. This knowledge and expertise has helped Lucas Oil develop the new Outdoor Line of firearm lubricants and cleaners. The Lucas Oil Outdoor Line was developed to offer the absolute best quality firearm care products available and at a reasonable price. The Outdoor Line offers the easiest and best way to clean, lubricate and protect your firearms. That is why so many professional shooters, firearm instructors, hunters, LE departments and firearm manufacturers use and recommend the Lucas Oil Outdoor Line products.
